Cumulative Index

NEED to find something published earlier this year in TEXTILE CHEMIST AND COLORIST? This index can help you find it quickly either by author or by subject matter.

For example, if you know that the article you are looking for was written by Horning, a check of the INDEX OF AUTHORS shows that R. H. Horning is the author of title 6. The INDEX OF TITLES, in turn, identifies title 6 as "Dyes and Today's Regulatory Climate," and shows that it was published in the January issue (1) beginning on page 17.

If you don't know who wrote the article, you can locate it by using the KEY TERM INDEX. You know, for example, that the article is about health, the environment, safety and government regulations. Finding one of those terms in the KEY TERM INDEX will give you the title numbers of all articles published thus far this year pertaining to that term. Each article is keyed with several terms to provide a crosscheck between broader terms and those more specific, thereby reducing the search even further.

Copies of individual articles (whether in the form of reprints, tearsheets or photocopies) are available at $3 each (prepaid U.S. funds net; surface postage) from TEXTILE CHEMIST AND COLORIST, P. O. Box 12215, Research Triangle Park, N. C. 27709; telephone 919/549-8141.

The magazine also is available on microfilm from University Microfilms, Ann Arbor, Mich. 48106. In addition, the magazine is abstracted by CHEMICAL ABSTRACTS, ENGINEERING INDEX, TEXTILE TECHNOLOGY DIGEST, TITUS (Institut Textil de France) and WORLD TEXTILE ABSTRACTS.

CUSTOMER SERVICE DEPARTMENT

At LEATEX our research and development laboratory is one of the most expert and innovative in the textile chemical specialties industry. And it serves our customers full time. Every working day.

Almost 60 years of knowledge and experience go into every extensive LEATEX line of: WETTING AGENTS, SCOURING AGENTS, FINISHING AGENTS, DYEING AGENTS and AUXILIARY AGENTS.

Most of our standard products began as our laboratory's solutions to customers' problems, and many of our non-standard items are made by us in limited quantities to meet special requirements.

Whatever your textile chemical needs, you can count on LEATEX to listen, to care and to provide products with quality and reliability.

Give us a call and tell us what you need. We'll put our "customer service department" on it right away.
